After the 2nd mobility in Kerpen, we placed the emphasis on the joint development of further integration projects through eTwinning, agreeing on online meetings. The topics of the current ideas deal with music, free time and traditions.

Further intensive project work is awaiting the Erasmus+ pupils in the framework of the 2nd mobility on Gran Canaria between 17<sup>th</sup> and 24<sup>th</sup> February. An additional important point in the programme is the promotion of the Spanish language by attending regular lessons.

The Erasmus+ pupils collected 200 Euros for exercise books for the pupils of the integration class at the Adolph-Kolping School with their postcard campaign.
