

"WE IN EUROPE – SHAPING THE FUTURE"

The German pupils expect a great challenge in Hungary; they are taking over educational work with regard to the refugees in Germany.

Even though Mohammed from Syria cannot go with them to Hungary, he wanted to be a representative of the ERASMUS project on the photo.

Die ungarischen Schüler können es kaum erwarten ihre Freunde auf Gran Canaria zu treffen.

These Spanish pupils are travelling to Kerpen.

The third project year starts with the preparations for the teachers' exchange at the end of September and the completion of the Erasmus+ Team: Ms Klug (left), Ms Friedrich and Ms Heyse as well as Ms Kehr and Mr Strucken-Bathke (below)

The educational work in regard to refugees (in Hungary), Roma (in Spain) and with reference to Moroccans and Latin-Americans (in Germany) is the centre of the 4th project meeting. This educational work is being done by the exchange pupils together with the exchange teachers.

Furthermore, the developed (partial) projects for the integration of minorities and disadvantaged will be carried out, observed and evaluated from the vantage point of the exchange teachers. This perspective is appropriate to judge the effectiveness of these projects.

Six to ten project pupils participate per partner country in this exchange and will be accommodated by host families. They play the role of an ambassador who represents the country. They are to present the particularities of their own land. They will present the emphasis of the project in speeches and interviews. Moreover, the exchange pupils will take over the foreign language instruction (German teachers will teach German, Spanish teachers Spanish). **We are all very excited!**

The third project year emphasizes the realization and evaluation of the integration project. The evaluation i.e. of the board game and the riddle corners in the refugee home (left) or the integration festival and the cultural weeks (right) began in the 2nd project year.

The publication of the partial results is an important goal in the 3rd year:

Presentation of the products at the school anniversary:

postcards with the topic of tolerance, memory games,

cookbooks, postcards about traditions, a collection of sports games, the riddle corner (right)

Moreover, a very demanding project year with a number of campaigns and activities awaits us. For example:

- 5th project meeting in Kerpen (8th – 18th December)
- Exhibition “We are Europe, too” in the House of History in Kerpen with presentations of our results (14th December)
- Official presentation of our project “Hymn” on the radio (December)
- 6th project meeting in Hungary (April 2019)
